The notice shall specify that the project is subject to an administrative housing permit and that the incentives are not subject to a discretionary review. The notice shall also specify that the bases for which an appeal can be filed by the applicant or any interested person or the matter called up for review by the commission are limited to the criteria contained in Section 22.56.2730 and that the permissible grounds upon which the commission may act in such appeal or call for review as described in Section 22.56.2760 are also limited to such criteria.

**22.56.2750 Effective date – Administrative review.**

Notwithstanding the provisions of Section 22.60.260, the following effective dates apply to administrative housing permits:

A. Unless otherwise stated, the decision of the director shall become effective 15 days after receipt of the notice of decision by the applicant.

B. Off-menu incentives. Where applicable, when an applicant requests an off-menu incentive, the decision of the director shall become effective 21 days after receipt of the notice of the decision by the applicant, unless appealed by the applicant or any interested person or called up for review by the commission prior to that date.

**22.56.2760 Appeals – Administrative review.**

A. Off-menu incentives.

1. When an off-menu incentive is requested, an appeal to the commission may be made by any interested person dissatisfied with the action taken by

the director on an administrative housing permit, and/or the project may be called up for review by the commission. Such appeal shall be filed with the commission, or be called up for review by the commission, within 21 days of receipt of notification by the applicant. The appeal shall be accompanied by the fee required by Section 22.60.230. Appeals that do not address the findings and determinations made by the director, as described in Section 22.56.2730, shall not be accepted.

2. Notice of appeal. A notice of appeal shall be sent to the commission, adjacent property owners, local town council, and/or similar local community association(s). In the event that the matter is called up for review by the commission, a notice of call for review shall be sent to the local town council, and/or similar local community association(s).

B. Decision. The commission shall review the record of the decision and shall affirm, modify, or reverse the original decision. When a decision is modified or reversed, the commission shall state the specific reasons for modification or reversal. In rendering its decision, the commission shall not consider any argument or evidence of any kind other than the record of the matter received from the director or appellants, which shall solely be based on the findings and determination of the director, as described in Section 22.56.2730. The decision of the commission shall be final.

C. Time limit for decision and notice. Decisions on appeals or calls for review shall be rendered within 90 days of the end of the appeal period. The secretary of the commission shall mail notice of the decision within five working days after the

date of the decision to the applicant and other persons required to be notified pursuant to Section 22.56.2740.

D. Failure to act. If the commission fails to act upon an appeal or call for review within the time limits prescribed in this Section, the applicant's project shall be deemed approved, except that the applicant, at their sole discretion, may elect to waive the time limit in order to obtain a written decision by the commission.

**22.56.2770 Effective date when an appeal is filed – Administrative review.**

Where an appeal is filed for an administrative housing permit, the date of decision by the commission on such appeal shall be deemed the date of grant in determining any applicable expiration date for the permit.

**22.56.2780 Time expiration – Administrative review.**

An administrative housing permit that is not used within two years after the granting of the permit, becomes null, void, and of no effect, except that the director may extend such time for a period of not to exceed one year, provided an application requesting such extension is filed prior to such expiration date. The director may grant an additional (second) one-year extension, provided that an application requesting such extension is filed prior to the expiration of the first such extension.

**22.56.2790 Requirements imposed by the director – Administrative review.**

A. The director, in approving an application for an administrative housing permit, shall require the applicant to enter into and record a covenant and agreement, as described in Section 22.56.2630, with the county to ensure the

affordability and/or age restrictions, and where applicable, require a monitoring fee pursuant to Section 22.56.2640.

B. The administrative housing permit will not be effective for any purpose until the permittee and the owner of the property involved (if other than the permittee) have filed at the planning department their affidavit stating that they are aware of, and agree to accept, all of the requirements of the permit.

**22.56.2800 Application – Discretionary review.**

As described in this section, a discretionary housing permit is subject to a discretionary review and requires a public hearing before the commission.

A. In addition to the general application requirements described in Section 22.56.2620, an application for a discretionary housing permit shall contain the following information:

1. Maps in the number prescribed, and drawn to a scale specified by the director, showing the location of all property included in the request, the location of all highways, streets, alleys, and the location and dimensions of all lots or parcels of land within a distance of 500 feet from the exterior boundaries of the subject parcel of land;
2. One copy of said map shall indicate the uses established on every lot and parcel of land shown within said 500 foot radius;
3. A list, certified to be correct by affidavit or by a statement under penalty of perjury pursuant to section 2015.5 of the Code of Civil Procedure, of the names and addresses of all persons who are shown on the latest available

assessment roll of the county as owners of the subject parcel of land and as owning property within a distance of 500 feet from the exterior boundaries of the parcel of land to be occupied by the use. One copy of said map shall indicate where such ownerships are located;

4. Such other information as the director may require;

5. The director may waive the filing of one or more of the above items; and

6. The accuracy of all information, maps, and lists submitted shall be the responsibility of the applicant.

**22.56.2810 Fee and deposit – Discretionary review.**

A. Fees. When an application for a discretionary housing permit is filed, it shall be accompanied by the filing fee required by Section 22.60.100(A) for the following:

1. Housing Permit, Discretionary.

**22.56.2820 Burden of proof – Discretionary review.**

A. In addition to providing the information required in the application by Section 22.56.2800 and meeting the requirements for qualified projects, an applicant for a discretionary housing permit shall substantiate to the satisfaction of the commission the following facts:

1. That the requested use at the location will not:

a. Adversely affect the health, peace, comfort, or welfare of persons residing or working in the surrounding area;

b. Be detrimental to the use, enjoyment, or valuation of property of other persons located in the vicinity of the site; or

c. Jeopardize, endanger, or otherwise constitute a menace to the public health, safety, or general welfare.

2. That the proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in this Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.

3. That the proposed site is adequately served:

a. By highways or streets of sufficient width, and improved as necessary to carry the kind and quantity of traffic such use would generate; and

b. By other public or private service facilities as are required.

4. That the proposed project at the location proposed has been designed to be complimentary to the surrounding area in terms of land use patterns and design.

5. That the proposed project will assist in satisfying housing needs, and is viable in terms of continuing availability to meet such housing needs.

B. Waivers or modifications to development standards. An applicant that requests waivers or modifications to development standards, in accordance with Section 22.52.1860, shall also substantiate to the satisfaction of the commission that

any requests for waivers or modifications to development standards are necessary to make the housing units economically feasible.

**22.56.2830 Denial for lack of information – Discretionary review.**

The director may deny, without a public hearing, an application for a discretionary housing permit if such application does not contain the information required by Sections 22.56.2620 and 22.56.2800. The director may permit the applicant to amend such application to provide the missing information.

**22.56.2840 Public hearing and notice required – Discretionary review.**

In all cases where an application for a discretionary housing permit is filed, the commission shall hold a public hearing. The public hearing shall be held pursuant to the procedure provided in Part 4 of Chapter 22.60.

**22.56.2850 Findings and determination – Discretionary review.**

A. The commission shall approve an application for a discretionary housing permit, in accordance with this section, where the information submitted by the applicant and/or presented at the public hearing substantiates the following findings:

1. That the proposed use will be consistent with the adopted general plan for the area.
2. That the proposed use meets the burden of proof as described in Section 22.56.2820.

B. Waivers or modifications of development standards. The commission shall approve a request for waiver or modifications of development standards, in accordance with this section, where the information submitted by the

applicant and/or presented at the public hearing substantiates the finding that any requests for waivers or modifications of development standards do not have a specific adverse impact upon public health and safety or the physical environment or on any real property that is listed in the California Register of Historical Resources, and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact.

C. The commission shall deny the application where the information submitted by the applicant and/or presented at the public hearing fails to substantiate such findings to the satisfaction of the commission.

**22.56.2860 Effective date – Discretionary review.**

Notwithstanding the provisions of Section 22.60.260, in all cases where an application for a discretionary housing permit is filed, the decision of the commission shall become effective 15 days after the receipt of the notice of decision by the applicant, unless appealed to or called up for review by the Board of Supervisors prior to that date.

**22.56.2870 Additional conditions imposed when – Discretionary review.**

A. The commission, in approving an application for a discretionary housing permit, may impose such conditions as it deems necessary to ensure that such use will be in accord with the findings required by Section 22.56.2850.

1. Conditions imposed by the commission may involve any pertinent factors affecting the establishment, operation, and maintenance of the requested use.

2. The commission, in approving an application for a discretionary housing permit, shall condition the applicant to enter into and record a covenant and agreement with the county, as described in Section 22.56.2630, to ensure the affordability and/or age restrictions of the housing set-asides, and where applicable, require a monitoring fee pursuant to Section 22.56.2640.

B. The commission may also approve the requested discretionary housing permit contingent upon compliance with applicable provisions of other ordinances.

C. The discretionary housing permit will not be effective for any purpose until the permittee and the owner of the property involved (if other than the permittee) have filed with the director their affidavit stating that they are aware of, and agree to accept, all of the conditions of the discretionary housing permit.

**22.56.2880 Appeals – Discretionary review.**

A. An appeal may be made by any interested person dissatisfied with the action taken by the commission, as described in Part 5 of Chapter 22.60.

B. Waivers or modification of development standards. Reasons for which appeals for waivers or modifications of development standards are based shall be in accordance with Section 22.56.2850.

**22.56.2890 Effective date when an appeal is filed – Discretionary review.**

Where an appeal is filed for any discretionary housing permit, the date of decision by the board of supervisors on such appeal shall be deemed the date of grant in determining any applicable expiration date for the permit.

**22.56.2900 Time expiration – Discretionary review.** A discretionary housing permit that is not used within two years after the granting of the permit, becomes null, void, and of no effect, except that the director may extend such time for a period of not to exceed one year, provided an application requesting such extension is filed prior to such expiration date. The director may grant an additional (second) one-year extension, provided that an application requesting such extension is filed prior to the expiration of the first such extension.
